THE YACHT

A Predator hull with a full flybridge

The 80 Sport Yacht is the Sunseeker Predator 80 hull with a sports bridge above it: the same 24.7 metre sports-yacht lines and running performance, plus an open flybridge with a second helm, a wet bar and a dining and lounging deck. Sunseeker built the model from 2013 to 2015; this is a 2015 boat.

Twin MTU 12V 2000 M94 diesels of 1,950 hp each, on shafts, give the model a top speed of around 30 knots and a comfortable mid-twenties cruise, with 6,000 litres of fuel on board.

Four guest cabins sleep eight: a full-beam master with a desk, a VIP with an en suite shower and two twin cabins, one with bunks. Crew quarters are aft, separate from the guests.
